

Shipping Helps...

Shipping and Handling charges to ship to California for 10 lbs is about \$27-\$30. To compare, S&H of 50 lbs is \$40-50. (All charges approximate, it may be more or less depending on your location.)

We use gel-ice in all packages at \$.50/lb. By request we will ship with dry ice at \$1.75/lb. There is 5-10lbs of ice in each box and orders are shipped in foam insulated boxes.

Please send me your zip code and what you would like to order for a quote on shipping. We ship Fed-Ex ground, UPS shipping is available and is usually a few dollars more. Please contact me at mary@wholefoods4pets.com or call: 509-930-1421
